Touted by Steve Haskins as "one of the best Derby prospects I've seen so far" for the 2018 Kentucky Derby, "Aurelius Maximus is a son of Pioneerof the Nile, out of a mare by champions A.P. Indy and Queena. This family traces to grade 1 winner and great producer Too Chic, a daughter of the King Ranch filly Remedias, who is by Dr. Fager out of the sensational European champion Monade. Aurelius Maximus looked like a runner breaking his maiden going a mile at Belmont Park, winning by 7 3/4 lengths under wraps."

Helpful Policies and Procedures

As a service to our friends and breeders and in a constant effort to improve efficiency, I would like to update you on our policies and procedures. Hopefully, this will prove convenient for both you and the mare, as well as proving cost effective. The current economic climate is challenging, and we offer a reduction on all stud fees as our gesture toward profitability.

- The stallion ownership group boards and stands our horses at Acadiana Equine at Copper Crowne. We are clients of the farm and the veterinary clinic, but neither own nor manage the facility.
- Our goal is for your mare to get in foal. Whichever combinations of transport, residence, or veterinary care accommodate you and your mare is a decision we make together.
- Mares can be boarded at any of several local farms, or can be 'bred off the trailer.' Your local vet can check the mare then book her for the first available slot. Bookings are arranged through the front desk at Acadiana Equine but general inquiries are usually directed to me.

- The main number at Acadiana Equine is 337.407.9555, and the fax is 337.407.9944.

Updated stallion stats and contracts can be viewed at Thestockexchange.biz.

- We can provide you with a list of veterinarians, boarding farms, and foaling options.
- **OUR GROUP CAN PROVIDE HAULING SERVICES.**
- We truly appreciate your friendship and support.

Moving forward together!

BREEDING SHED

Keeping the Membership informed, LTBA President Warren J. Harang, III

Like all of you, I am glad to have said goodbye to 2020. Unfortunately, the COVID19 pandemic still continues to affect all aspects of our lives, including but certainly not limited to the thoroughbred racing and sales industries, which are up against the challenges due to limits on in-person activities. Louisiana horsemen and women have had the additional challenge of recovering from multiple hurricanes. Many of our breeders in the Southwestern part of our state, as well as both Delta Downs and Evangeline Downs suffered varying levels of damage from Hurricanes Laura and Delta.

In spite of the challenges, both Fair Grounds and Delta Downs are currently running their 2020-21 thoroughbred meets. While spectators were limited at Louisiana Champions Day at Fair Grounds in December, the top Louisiana-bred thoroughbreds and their connections showed up for a thrilling day of racing. You can read about Louisiana Champions Day starting on page 10 of this issue.

The first Accredited Louisiana-bred stakes day of 2021 will be held at Delta Downs, Wednesday, February 10. Traditionally racing at Delta Downs has been at night, however hurricane damage to the light system has forced the move of first post to 12:55 and Louisiana Premier Night has become, for this year at least, Louisiana Premier

Day. While spectators are still limited, I fully expect to see highly competitive fields for the ten stakes races for Louisiana bred.

Going into the 2021 breeding season I want to remind you that there are some significant changes to the By-Laws in regards to breeding rules. Our intention is to hopefully increase the numbers of Louisiana-bred foals, which have been dropping in recent years. You can find the By-Laws on our website www.louisianabred.com. Please take the time to study these rules, and if you have questions, you can call the LTBA.

On a positive note, we have several new stallions entering stud. Aurelius Maximus (Pioneer of the Nile-La Reina) and Lone Sailor (Majestic Warrior-Ambitious) are newly retired from racing and are joining the Red River Farms stallion roster. Bobby's Wicked One (Speightstown-Wicked Charm) is entering stud at Acadiana Equine at Copper Crowne. Clear Creek Stud has added the speedy Imperial Hint (Imperialism-Royal Hint) to their stallion roster. Count Alexander (Scat Daddy-Intelyhente) begins his stud career at Elite Thoroughbreds, and Curlin's On Fire (Curlin-Royal Madame) enters stud at Northpointe Thoroughbreds. You can read more about these exciting additions on the pages of this magazine and research them using the Louisiana Horse Stallion

Register published on the LTBA website at www.louisianabred.com.

Even in the face of the coronavirus, our staff is committed to the business of making sure our breeders receive what they have earned through our program. We urge everyone to please use caution when out and about. Our office is now back open with COVID precautions in place. When you come in to our office we ask that you please be considerate and wear a mask and observe social distancing.

By now, most of us know someone who has had this illness and it is nothing to take lightly. I have personally chosen to get the vaccine and have had my first shot with no ill effects. I encourage everyone to get the COVID vaccine as it becomes available. The sooner more of us have this protection, the sooner we can get back to business.

I encourage everyone to be actively involved in all aspects of our industry. Come to a board meeting; be informed and involved. We at the LTBA are doing all we can to be of service to you, the breeders. If you have any questions about our program, the staff in our office at Fair Grounds is happy to help. I personally am always happy to hear from you, especially with suggestions for improving our program.

CLOCKER SEARCHES RECORD BOOKS AFTER LONE SAILOR BREEZE

Derby hopeful Lone Sailor blazes five furlongs at Churchill Downs.

While prepping for the 2018 Kentucky Derby, made headlines when he fired a bullet five-furlong move in :57 3/5 at Churchill Downs. Lone Sailor's breeze might have been the fastest five-furlong workout recorded at Churchill Downs in a decade, according to veteran Churchill Downs clocker John Nichols.

"The last horse I can recall going that fast was Hard Spun on April 30, 2007, when he went :57 3/5 with opening splits of :22 and :33.40 before running second in the Derby," Nichols said.

GRAND LUWEGEE

El Corredor - Magical Mia, by Gold Fever

Owner: Gerard Perron • Breeder: Gerard Perron
Trainer: Gerard Perron • Jockey: C. J. Hernandez

Hodges Photography / Jan Brubaker

“That horse has got a lot of courage and we have been training him hard for this race.”

Gerard Perron, Grand Luwegee owner/breeder/trainer

Forgive Gerard Perron if he was a little emotional in Fair Grounds winner’s circle following the \$150,000 Louisiana Champions Day Classic. Watching his 5-year-old homebred battle gamely through the Fair Grounds stretch to prevail by a head, the 75-year-old Opelousas native fought back his emotions alongside his grandson talking about Grand Luwegee’s monumental upset.

“We wanted to go to the lead if he broke well and he did that,” Perron said. “He just battled. That horse has got a lot of courage and we have been training him hard for this race.”

Grand Luwegee was dismissed at odds of 52.50-1 and returned \$107 for the win, easily the biggest upset on the 13-race card.

Grand Luwegee started his career as a 2-year-old in 2017 on the Stall-Wilson turf course. The

Delta Downs specialist picked an opportune time to win his first race in eight tries on the Gentilly oval. Ridden along the rail on the front end by Colby Hernandez, the son of El Corredor out of the Gold Fever mare Magical Mia navigated the 1-1/8 mile test over a sealed muddy track in 1:52.03.

“The plan was to break and get on the front end if nobody was going to go and that’s what we did,” Hernandez said. “He just kept fighting the whole way and just wasn’t going to let that other horse (Shang) pass him.”

Shang, the 4-5 favorite, finished second in front of the other Steve Asmussen trainee Jus Lively in the 8-horse field.

Grand Luwegee employed the same tactics at Fair Grounds as he did in his last victory in February of 2019 in the \$150,000 Louisiana Bred Premier Night Champion-

ship Stakes at Delta Downs. In between he drifted between four turf races and three dirt races at Evangeline Downs, Fair Grounds and Delta Downs.

“We’d been running him short and he hadn’t been doing good in those five furlong races,” Perron added. “We knew he could do better than that and decided to run longer and that’s what we did and he came through.”

The victory pushed Grand Luwegee’s lifetime earnings to \$348,650 from a running line of 21-6-5-2.

SIR WELLINGTON

Artie Schiller-What's Your Point, by Wheaton

Owner: Xtreme Racing Stables, LLC • Breeder: BCS Thoroughbreds LLC

Trainer: Hugh H. Robertson • Jockey: Marcelino Pedroza

Sir Wellington did not disappoint his public backers in cruising to victory in the \$100,000 Champions Day Juvenile as the even-money favorite under Marcelino Pedroza. Facing state-breds for the first time in four career starts, Sir Wellington sat just behind state-bred stakes winner Chu Chu's Legacy in the early going before powering away in the lane to a 2-length win over Standing Perfect.

"The plan was to put him right behind the speed and when it was time to go he gave me his run and never looked back," Pedroza said. "This colt has a very bright future and he will be tough to beat against Louisiana bred."

Trainer Hugh Robertson debuted the chestnut son of Palace at Delaware Park in August where he broke his maiden in impressive fashion. A second place allowance finish five weeks later led to his stakes debut on Breeders' Cup weekend at Keeneland in the listed Nyquist Stakes. He finished fifth that day behind a well-regarded group of open company 2-year-old sprinters.

A \$55,000 purchase by Vicky McGowan's Xtreme Racing Stables LLC at the 2020 Fasig-Tipton Midlantic Two-Year Olds in Training Sale in May, Sir Wellington sports a 4-2-1-0 record with \$96,570 in earnings.

"This one was all my brother's Mac (Robertson) doing here,"

trainer Hugh Robertson said. "He picked this horse out at the sale for the owners and ran him up on East Coast a couple times. I just got him down here at Fair Grounds the last couple weeks. He's a nice colt

and does everything you ask of him. I think we will keep him sprinting right now and look for races either in Louisiana or up at Oaklawn for him."

Sir Wellington with Marcelino Pedroza wins the 30th running of the Louisiana Champions Day Juvenile at Fair Grounds.

Owner: Valene Farms, LLC • Breeder: Tom Curtis and Wayne Simpson

Trainer: Dallas Stewart • Jockey: Brian Hernandez, Jr.

Trainer Dallas Stewart wasn't shy about his chances for victory in the \$100,000 Champions Day Lassie with talented filly Big Time. Coming off an impressive maiden victory over open company at Churchill Downs, she stamped herself as one to watch with an emphatic 3-1/2 length win across the muddy main track.

Sent off as the 2.80-1 second choice in a field of eight, Big Time showed she could handle some adversity. She was a step slow from the gate causing her to get squeezed behind a couple of rivals before jockey Brian Hernandez maneuvered her up the rail for her winning run.

"She got out of there a tad slow but recovered quickly and we found a good spot down the backstretch," Hernandez said. "And when she found that opening on the rail she put her head down and finished really well."

Big Time (\$7.20) stopped the clock in 1:11.97 for six furlongs. Taylor Avenue finished second more than six lengths clear of Tecate Time in third. Rue Lala, the 1.40-1 favorite, checked in fourth.

"It was great to win this for Murray (Valene) and Mrs. Geri because they put so much into Louisiana bred racing," Stewart said. "She kicked their butts up at Churchill and she has been great in

the mornings. She's still undefeated so that's a good thing."

Valene and Stewart have been down this road before with the same family of horses. Big Time's dam Kitty's Got Class also produced 2018 Juvenile winner Classy John, who started his career winning 3-of-4 starts as a 2-year-old including the Champions Day Juvenile.

Bred by Tom Curtis and Wayne Simpson, Big Time was a \$30,000 purchase out of the 2019 Equine Sales Company of Louisiana Yearling Sale. The daughter of Astrology now has \$92,704 in two career starts.

ROOM TO FINISH

Giant Oak - Can't Roll A Seven, by Victory Gallop

Owner: West Point Thoroughbreds, Forge Ahead Stables, LLC and Jerry Caroom • Breeder: Mike Meeks
Trainer: Wayne M. Catalano • Jockey: Adam Beschizza

Room To Finish exacted her revenge in the \$100,000 Ladies Turf race powering home through the stretch to post a 1-1/2 length win over defending Ladies Turf champ Net A Bear.

Sent off as the favorite last year in this race, Room To Finish encountered traffic in the stretch which slowed down her late kick. It resulted in a runner-up finish. This year however jockey Adam Beschizza had a clear run through the “good” rated Stall-Wilson turf course and hit the wire in 1:46.11 for about 1-1/16-miles.

“I relied on that good turn of speed in the stretch to get it done,” Beschizza remarked. “She’s just

real consistent. Even if there is a sedate pace up front you can rely on her to have that good eighth of a mile kick.”

Room To Finish was bumped slightly at the start and settled in fifth in the seven-horse field as Marywood pushed ahead to the front through fractions of 24.09 and 50.26. The top three finishers, Room To Finish, Net A Bear and Offspring all launched closing kicks around the quarter-pole with Room To Finish widest of the trio. She crossed the line first to return \$6.60 as the co-2.30-1 favorite with third place finisher Offspring.

“She’d been running great all year and with her she doesn’t have

to bring her track with her,” said trainer Wayne Catalano, whose only real concern was whether the race would stay on the grass after early morning rains. “The plan was to get good position and get clear when the time comes and roll home and she did just that.”

The 5-year-old Giant Oak mare now has five wins in 10 tries on the grass in New Orleans showing an affinity for the local weeds. Overall she has earned \$289,605 from 20 lifetime starts, 16 of which she has finished in the money for owners West Point Thoroughbreds, Jerry Caroom and Kevin Kuta’s Forge Ahead Stables.

Adam Beschizza aboard Room To Finish makes a late charge to win the Louisiana Champions Day Ladies Turf.

NINETY ONE ASSAULT

Artie Schiller-Lilly Ladue, by Chief Three Sox

Owner: Thomas Morely and Paul Braverman • Breeder: Richey & Strode Stables, LLC

Trainer: Thomas Morley • Jockey: Shaun Bridgmohan

The name Tommy Lee Edwards may have never made the inside of the Daily Racing Form but without him trainer Tom Morley believes his rugged turf gelding wouldn't have captured his second consecutive \$100,000 Champions Day Turf. Bred in the Bayou state just like his equine counterpart, Edwards spent almost five years in his lifetime around horses working in the Morley barn before succumbing to cancer this past summer.

Due to Morley's superstitions it was always Edwards at the horse's flank in the winner's circle while Morley watched from afar.

"That horse was his favorite. He went everywhere with him," Morley said of his friend. "Tommy was family. He taught me as much as any horseman has ever taught me. I'm sure he was looking down Saturday and he was very proud of his horse."

The 7-year-old Artie Schiller gelding captured his second straight win in this race under regular rider Shaun Bridgmohan who employed the exact same tactics as last year. The Equibase chart of both races matches up. Ninety One Assault settled in sixth place mid-pack before tipping out around the turn for home and reeling in each rival winning both races by a length.

"I just had to be a good passenger today," said Bridgmohan, who has won six races in seven rides

aboard Ninety One Assault. "I just found the best spot I could coming for home and he did his job."

Ninety One Assault has become the ultimate definition of "Horse for Course". In 11 starts on the Stall-Wilson turf course he owns a record of 11-7-1-2 with over \$280,000 of his \$425,658 earnings having come over that course. He finished off about 1-1/16 miles on a good rated turf in 1:46.86.

"He's been a superstar for our

barn," said Morley, who owns the gelding along with Paul Braverman. "He might be better this year than last. He was drawing away from them at the end."

Ninety One Assault returned \$5.20 as the post time favorite in the field of 11. Afleet Ascent, off the board in this race last year, held on nicely for second. Pacesetter Guitar Tribute checked in third.

Ninety One Assault with Shaun Bridgmohan aboard wins the 30th running of the Louisiana Champions Day Turf at Fair Grounds.

MONTE MAN

Custom For Carlos - Sarah's My Angel, by Sutter's Prospect

Owner: Ivery Sisters Racing • Breeder: Val C. Murrell

Trainer: Ron Faucheux • Jockey: Adam Beschizza

The venerable Monte Man took a page out of Breeders Cup Sprint winner Whitmore's play-book and dusted off a younger field to win \$100,000 Champions Day Sprint at the ripe age of 7 years old.

Making his 12th start on the Fair Grounds oval, Monte Man used his patented late kick under Adam Beschizza to defeat seven rivals over six furlongs on a muddy main track in 1:10.60. He improved his off track record at Fair Grounds to four wins from seven starts with a second and a third.

"Right when you think he might have lost a step he shows he hasn't by the way he trains here," trainer Ron Faucheux said. "This horse means more to us than any horse I've ever trained. He's so mature. It's been such a pleasure to train this horse."

Monte Man (\$14) had not been above 6-1 odds in his prior 18 races dating back to March of 2018 when he won the Costa Rising on the turf for Louisiana breds.

"Can't explain that," said Faucheux, whose other entrant in the race Bertie's Galaxy set the pace before finishing fifth as the 1.50-1 favorite.

Owned by Brian Ivery's Ivery Sisters Racing, Monte Man also exorcised his demons in the Champions Day Sprint having finished third in 2018 and fourth in

2019. He turned the tables on last year's winner Laughingsaintssong who finished sixth. Brittlyn Stable's Win Ya Win showed a good closing kick for second place

followed by Silver Galaxy in third.

Monte Man heads into 2021 for his 8-year-old season with \$676,423 in career earnings from a career record 44-16-7-7.

OUR LOST LOVE

Half Ours - Lost Love Baby, by Private Vow

Owner: Tri-Star Racing, LLC • Breeder: Tri-Star Racing LLC.

Trainer: Joseph M. Foster • Jockey: Mitchell Murrill

Trainer Joey Foster said he would've bet his truck on Our Lost Love if the \$100,000 Champions Day Ladies Sprint was going 5-1/2 furlongs but that final 330 yards had him nervous.

Our Lost Love get a nose in front of Mr. Al's Gal to win the 15th running of the Louisiana Champions Day Ladies Sprint.

Our Lost Love opened up to a 2-1/2 lead in deep stretch finding the wire in time to win the tightest photo of the day by a nose over a fast-charging favorite Mr. Al's Gal. Last year's Lassie winner

Vacherie Girl finished another half-length back in third in the eight-horse field. Final time for six furlongs on a sealed muddy track was 1:11.93.

"She broke well like she always does and I tried to give her a breather there once we got the lead," said rider Mitchell Murrill. "She was fine till that last sixteenth when she was struggling to keep up. I wasn't sure we won it until I saw it up on the board."

Foster echoed his rider's comments after Our Lost Love returned an \$8 mutuel as the second choice in the eight-horse field.

"Mitchell didn't move on her till he had to the last eighth of a mile," Foster said. "She beat some tough older fillies in here. This was the toughest field she's had to face from top to bottom. This filly just lays it down every time. She's had a great year and she'll run on anything. She's just as good on turf as on dirt and it doesn't matter if it's a wet track or not she just shows up and runs her race."

The 3-year-old Half Ours filly out of the Private Vow unraced mare Lost Love Baby picked up the third stakes win of her career and now sports a 12-6-3-1 record and \$272,003 in earnings for owners Richard Robertson and Alan Dean of Tri-Star Racing. Our Lost Love got some redemption after finishing second in the Louisiana Champions Day Lassie in 2019.

IMPERIAL HINT

In days gone by, an old Kentucky groom who had seen a lot of good horseflesh come and go was supposedly asked, “What makes a good horse?”

The old-timer replied, “Speed, sir.”

“And what else?” the questioner persisted.

“More speed, sir, more speed. That’s what makes a good horse.”

That old groom would have loved Imperial Hint, who is entering stud at Clear Creek Stud at an introductory fee of \$2,500 live foal. For that money, breeders will get access to a horse who has more Grade 1 sprint wins than any other stallion in Louisiana and twice sizzled six furlongs in less than 1:08. That’s pure speed but not cheap speed, as Imperial Hint knocked heads repeatedly with the best Eastern sprinters and won his share and then some.

Imperial Hint comes from the male line of Danzig, a source of speed in North America. The link to the three-time champion sire is through Langfuhr, who was voted the champion sprinter in Canada in 1996 after winning that year’s Vosburgh Stakes (G1). Langfuhr went on to win the 1997 Carter Handicap (G1) and Metropolitan Handicap (G1) before retiring to stud, where he sired 75 stakes winners and was a prolific sire of winners.

Among those winners was Imperialism, a neatly made, well-balanced gray who was not overly large but compensated with a smooth, reachy stride. His athleticism translated into Grade 2 wins in the 2004 San Vicente Stakes and San Rafael Stakes and the 2005 Pat O’Brien Handicap, all at a mile or less, and he stretched his speed well enough to place in the 2005 Kentucky Derby and two other Grade 1 events at 9 or 10 furlongs.

The best horse Imperialism ever sired, Imperial Hint was produced from the winner Royal Hint, whose sire Lahint was a multiple graded-placed listed stakes winner and a full brother to 1991 champion 3-year-old male Hansel. The dam of three other winners, Royal Hint, in turn, is out of Ray’s Trial, a winning daughter of multiple Grade 1 winner Skip Trial and the multiple stakes-winning Text mare Ray’s Gift.

Unraced at 2, Imperial Hint ran through his conditions at 3 to become a stakes winner, taking the 7-furlong Ocala Breeders’ Sales Sophomore Stakes in a smart 1:22.15. At 4, he proved he was ready for the big time. After capturing four stakes races including the 6-furlong Smile Sprint Stakes (G3) at Calder and the 7-furlong General George Stakes (G3) at Laurel—and after scorching six furlongs in a track record-equaling 1:07.55 in the Donald LeVine Memorial Stakes at Parx Racing—Imperial Hint challenged the top sprinters in the country in the 2017 TwinSpires Breeders’ Cup Sprint (G1) at Del Mar. Eventual two-time sprint champion Roy H. beat him home by a length, but among the horses that finished behind Imperial Hint that day were the defending champion sprinter, Drefong; multiple Grade/Group 1 winners Mind Your Biscuits and Ransom the Moon; 2017 Vosburgh Stakes (G1) winner Takaful; and the 2020 Breeders’ Cup Sprint winner, Whitmore, who also won the 2018 Forego Stakes (G1).

Continuing to improve at 5, Imperial Hint beat Whitmore again in the True North Stakes (G2), and then gained the Grade 1 win he so richly merited in the

Alfred G. Vanderbilt Handicap at Saratoga. Adding icing to the cake, he also captured a second Grade 1 in the historic Vosburgh Stakes before running third in the TwinSpires Breeders' Cup Sprint at Churchill Downs.

Fully matured at 6, the "Little Rocket" took a little time getting untracked. In 2018, running third in two stakes in Florida and in the Dubai Golden Shaheen Sponsored by Gulf News (G1). But given time to recover from his trip to Dubai, he showed that he had earned his nickname fairly in the 2019 Vanderbilt, when he scorched six furlongs in a track-record 1:07.92 to romp by four lengths. He took his fourth and final Grade 1 win in his next outing by taking down Grade 1 winner Firenze Fire in the Vosburgh Stakes but was forced to scratch from the Breeders' Cup Sprint due to a minor hoof issue.

2020 upended a great many plans for humans and horses alike, and so it was for Imperial Hint. Taken to Saudi Arabia to race on the inaugural Saudi Cup card, he was off the board in the SAUDIA Cup Sprint. As he had already made the long journey to the Middle East, he was next taken to Dubai for another try at the Golden Shaheen. That plan fell through when the COVID-19 epidemic caused the cancellation of the Dubai World Cup program, and after Imperial Hint returned home, he showed enough signs of wear and tear that the decision was made to retire him. He left racing with a record of 14-3-4 from 25 starts and earnings of \$2,209,055.

Imperial Hint is inbred 4x5x5 to Northern Dancer but is free of the popular Storm Cat branch of this sire line, and may do well with line breeding to Northern Dancer or his sire Nearctic via mares returning crosses of Storm Cat and/or Icecapade. With only one cross of

Mr. Prospector via Woodman in his pedigree, he should also be suitable for mares with Carson City or Unbridled's Song in their pedigrees, and mares with multiple crosses to Buckpasser or the La Troienne family (particularly through Numbered Account) may also be worth considering. Finally, Imperial Hint may be well suited by breeding type to type for speed, especially given the predominance of sprint racing in Louisiana.

"Imperial Hint is a really attractive horse, just beautifully balanced and with clean legs," says Michelle LaVoice of Clear Creek. "You'd think he could go back to racing tomorrow; he's that sound, and he's got a great attitude, playful and full of life. We're marketing him to Quarter Horses as well as Thoroughbreds, and he should be getting a lot of support. The Louisiana market is all about speed, and we couldn't be happier with having this horse here. He'll be a great fit."

2020 LOUISIANA

New Year's Eve saw the end of a year not many of us will remember with fond memories. For many years now the Louisiana Futurity has been held either on New Year's Eve or very near, depending on the Fair Grounds racing schedule. So at least this year end event pre-

Filly Division

BIG TIME

Astrology - Kitty's Got Class

Big Time, a daughter of Astrology, made her record three for three with a narrow victory in the Filly Division of the Louisiana Futurity.

Lagging near the back of the pack down the backstretch, Big Time began her attack in the turn, swung wide in the stretch and eventually wore down long shot Spirited Beauty to prevail by a long neck. Run during a torrential rainfall the final time for the six furlongs was 1:13.51.

Big Time is a half sister to 2018 Louisiana Futurity winner Classy John. Both Big Time and Classy John are bred by the partnership of Tom Curtis and Wayne Simpson and owned by Murray Valene's Valene Farms.

This is the third Louisiana Futurity winner bred by Tom Curtis and Wayne Simpson having previously bred Dixie Beat who scored the Futurity in 2013. Valene Farms was enjoying their fourth Louisiana Futurity win with their previous wins beginning in 1988 with Hero's

Countess and 2006 with Conner's Call in addition to the half siblings listed above.

This was Kitty's Got Class's second stakes winner from three foals to race. She had a 2019 Custom For Carlos colt which was purchased by Ricky Lagrange for \$26,000 in the 2020 Equine Sales Company of

Louisiana Yearling sale, as well as a 2020 Cross Traffic foal following which she was bred to Gemologist.

Trained by Grade I stakes winning trainer Dallas Stewart and ridden by Brian Hernandez, Big Time has now earned \$160,564 in her three starts and appears to want to stretch out.

Colt & Gelding Division

JIMMY TWO TIMES

Half Ours-Sammy Van Ammy

Jimmy Two Times did his usual thing in vying for the lead then pulling away in the stretch to score his first stakes win in the Colt & Gelding Division of the Louisiana Futurity.

As a son of Half Ours it was no big surprise to see him win the Futurity considering two-year-olds by the grey son of Unbridled's Song have won the Louisiana Futurity (including both Filly and Colt & Gelding Divisions) six times in the past seven years. This puts him only behind Zuppardo's Prince who sired seven Louisiana Futurity winners in his career.

Jimmy Two Times is the fifth foal out of his Van Nistelrooy dam who was a stakes placed runner herself. She previously produced the stakes placed Taralicious who ran third in the Louisiana Futurity herself in the same year that Sittin At The Bar began her dominance of the Louisiana bred fillies of her generation.

Bred by the partnership of Larry Romero and Cradle Song Farm,

Jimmy Two Times with Colby Hernandez aboard wins the 58th running of the Louisiana Futurity - Colts and Gelding Division over a sloppy Fair Grounds track. Hodges Photography / Lou Hodges, Jr.

Jimmy Two Times is the second Louisiana Futurity winner that Larry Romero has bred having previously bred 2007 winner Cubera.

Jimmy Two Times is owned by Andrus Pellerin who has been in the thoroughbred business since at

least 1974 when he bought the first yearling I ever sold at public auction.

Trained by Keith Bourgeois, Jimmy Two Times has accumulated earnings of \$111,240 in his five start career with three wins.

UNCLE LEROY'S LEGACY

by Mary Marshall

Longshot Grand Luwegee, holds off favorite Shang to win the 2020 Louisiana Champions Day Classic for owner/breeder/trainer Gerard Perron. Hodges photo.

Uncle Leroy was not a man of means, but a man of fortitude. He was a member of the Greatest Generation, fought valiantly in World War II and came home to Louisiana following the end of the war. Like so many young people exposed to the trauma of combat, Leroy had what was called shell shock. More com-

monly known in this day and time as post-traumatic stress syndrome, it was a battle that Leroy brought home with him that he fought through for his entire life. He never settled down into one career, but spent his life working a wide variety of jobs. A hardworking and honorable man who loved horses, Leroy always

thought of family first. When he died the hard-earned assets of his estate were distributed to his nieces and nephews since he had never married. One of those nephews was Gerard Perron and he received \$16,000 from the estate of Uncle Leroy.

Perron, who had recently retired as the executive director for the St. Landry Economic Development District, was living the “American Dream” running his own business, Acadiana Shavings, in Opelousas. Perron, who had always had an avid interest in horses, became friends with a wide array of Thoroughbred trainers who patronized his business for wood shavings that they used in the stalls to keep horses comfortable and dry.

Perron, wondering what to do with that \$16,000 burning a hole in his pocket, thought that it might be an interesting idea to invest it in a Thoroughbred broodmare. After all, he and his wife Loretta had plenty of space, were empty-nesters, and had just built a house on a 10-acre tract of land in Opelousas. Why not add a barn and a horse? Perron contacted a friend who was going to Kentucky to the horse sales and asked him to find a broodmare. The friend asked, “Well how much do you want to spend?” Perron thought about it for a minute, and said, “Well, \$16,000 of course!”

Thoroughbreds in Kentucky are as plentiful as apples on a tree. For all the horses that sell for five and six figures there are plenty to be given away or gifted to some fortunate person with a lead shank and a horse trailer. But the focus at any horse sale is for that consignor to make money. The friend that Perron employed to purchase a mare on his behalf managed to spend every cent of that \$16,000, and not on a mare that Perron felt was exactly the best purchase for the amount spent.

“Magical Mia didn’t have a very impressive catalog page for a \$16,000 purchase price,” said Perron, reflecting. “She was sired by the moderate stallion Gold Fever, had never won a race, had meager earnings of \$3,000, and had previously sold for \$7,000. Her female family was a little light. At the time I truly felt like that I had been taken for a ride. She was in foal to a decent stallion, American Chance, so I was banking on the fact that we might get a good baby and be able to recoup our money by selling the foal. Boy was I wrong.”

Magical Mia, purchased from the 2004 Fasig-Tipton

Gerard Perron, one of the few Louisiana horsemen who owns, trains, and breeds his own Thoroughbreds, maintains a stable of six horses.

Kentucky February Mixed Sale, foaled a good-looking colt that Perron’s children named Leroy’s Money in memory of the horse loving uncle who made it all possible. The plan was to sell the colt as a yearling in 2005, but the idea fell apart when Hurricane Katrina came rolling in. The Thoroughbred industry took a hard hit in Louisiana, and the sales were an afterthought. Recovery was at the forefront of everyone’s mind.

“We had to come up with another game plan for Leroy’s Money,” said Perron. “We just decided to keep him to race and started the tradition of keeping all of our foals for that purpose. The training bills were not an option, so courtesy of my trainer friends I was able to spend time on the racetrack, learn from them, take my trainer’s test and start training our own string. We just keep it all in the family now; the horses, the children, grandchildren all have a part in it and love going to the races. All our horses have been named by the grandchildren and there is a good story behind every name. Leroy’s Money turned out to be a decent runner, and we had a lot of fun with him. He earned around \$41,000 on the racetrack. At the time you could not have convinced me that Magical Mia was worth the

“It was exciting to watch this colt grow and develop. I really thought we might have something special in Grand Luwegee.”

purchase price, but I guess you could say I’ve changed my mind.”

The \$16,000 purchased price of Magical Mia now seems like a miniscule investment in a mare that has produced nine winners from ten to race, including the acclaimed stakes winner Grand Luwegee, who captured the \$150,000 Louisiana Champions Day Classic Stakes over Champion Shang on December 12, 2020.

“Now that was one fine night,” Perron recalled. “Due to the Covid-19 restrictions, we could only have three people in the winner’s circle photo, but the whole family was thrilled. He (Grand Luwegee) had not won a race this year, but he is a tough horse and we had been training him hard leading up to the race. He won the Premier Night Championship last year (on Feb. 9, 2019) in very much the same running style. The odds were kind of against us, I guess you could say. He is primarily a sprinter, but we always knew he could run a route.”

Grand Luwegee, winless in six starts leading up to the race, went off at odds of 52.50-to-1. As the gates opened the game five-year-old son of El Corredor hustled to the lead and valiantly held off 4-5 favorite Shang by a head to capture an amazing upset in one of ten restricted stakes for Louisiana bred run at Fair Grounds Race Course on that eye-popping December afternoon. Grand Luwegee, with jockey Colby Hernandez in the irons, won the 1 1/8-mile contest over a muddy sealed track in 1:52.03.

“What is so incredible about the whole thing is Colby didn’t even have a ride prior to the race,” said Perron. “There were trainers like Asmussen who had brought in jockeys from Churchill Downs and he was overlooked. Colby is a veteran jockey and we were lucky to get him that day. He rode a horse with almost impossible odds to a front running victory. That is how Grand Luweg ½ furlongs to 1 1/8-miles over muddy and fast track surfaces. He has won six of 21 starts with

five seconds and two thirds for earnings of \$349,250.

Perron, an astute horseman with an eye for detail, knew there was something different about Grand Luwegee as he watched the striking dark bay or brown colt gallop around in the paddock with his dam.

“He was big and strong,” Perron reminisced. “He had a sense of who he was from the moment he hit the ground. It was exciting to watch this colt grow and develop. I really thought we might have something special in Grand Luwegee.”

The whole story of Grand Luwegee has the hint of an ongoing fairy tale, but his career nearly came to a halt in early 2020 after he injured an ankle that got caught in the bottom portion of the stall, Perron said.

“It took about five months to get the ankle healed, and we weren’t certain that he (Grand Luwegee) would make it back to the races. It was a slow process at first, getting him back in shape, but he went back into training slowly and we had veterinarians monitoring his progress. He came back better than ever. We plan to keep running him with high hopes for his future.”

Perron, one of the few Louisiana horsemen who owns, trains, and breeds his own Thoroughbreds, maintains a stable of six horses at Copper Crowne Training Center. He has compiled an enviable record since taking out his trainer’s license in 2010. Perron has had 58 wins from 585 starts for earnings of \$1,286,055. Not a bad return for a hobby.

“The racing is definitely a family affair,” said Perron. “My grandchildren Landon, Bryce, and Lauren all name the horses, and I add the winnings to their college fund. Everybody benefits, and everyone has a good time. Grand Luwegee has exceeded all expectations, and we are excited to see what surprises he has in store for us in the coming year.”

LHRA'S NEW YEAR'S RESOLUTION

Happy New Year to everyone! What a year 2020 was, yuck. Louisiana Horse Rescue Association is determined to only look forward during 2021; we are hoping for a better this year for sure! Even with all of the pitfalls of 2020, LHRA had a few success stories to share, and as always, we have learned a few things as well.

During 2020 LHRA was able to mentor a couple of individuals starting up new “equine rehoming” operations, pay a few bills and find homes for some disadvantaged horses of our own. In all, 2020 was not a total disaster but we are going to keep that a secret so as not to jinx anything for 2021! With all of the less than stellar events that unfolded, LHRA ended the year by finding a great home for one of our few AQHA four-legged friends, something we do not do very often, so I would like to share that story with you.

LHRA is an equine rescue founded to care and place unwanted, abused or otherwise disadvantaged horses of racing breeds. Over the past 16 years (Has it really been that long?) LHRA has done just that, rehoming over 300 horses. Most of these horses have been Thoroughbreds. Out of 318 horses that we have helped find new homes, only 15 of them have been other breeds, counting one mule and two donkeys. Perhaps taking in large numbers of Thoroughbreds from failed boarding or breeding operations labeled us as a Thoroughbred-only rescue.

LHRA Success Story, Thor, is enjoying his new life as a trail horse with new young friends.

Even though we took in over 100 horses in two years we certainly did not discriminate against any other breeds, we just did what we had to do for those horses at the time.

The last horse adopted in 2020 was our one remaining AQHA holdout, a horse that was surrendered to us by owners that found themselves in dire financial straits. The owners of the horse had moved him to a “discount” boarding facility which subsequently fell onto hard times and apparently didn't tell anyone they were no longer feeding the horses. Once the owners discovered this, LHRA was contacted and we stepped in to give this kind old gelding some much-needed veterinary care and food. His name is Thor.

Thor came to LHRA, as most horses do, with a long sad story. His mouth was scarred from who knows what kind of bit someone used on him and his tongue looked as if it had been almost cut in half

at some time. We were told that he had been ridden a lot and he was well-mannered, which is always a plus for any horse. He even had a current negative coggins test, but we quarantined him anyway just to be safe.

After treating Thor for a nasty cough and a snotty nose he seemed much better, so he was introduced to the herd. His name might lead one to imagine a valiant warrior; this was not the case with Thor. He mostly just avoided confrontation and happily assumed his new position at the bottom of the pecking order.

Fast-forward several months and LHRA was contacted by a nice Veterinary Technician looking for a horse to ride. In our little corner of the equine world, a “rideable” horse is sort of an arbitrary term, especially if we have been told the horse is a “dead-broke trail horse” or something of that nature. It seems that every horse offered to LHRA is just “the

most gentle, well-mannered and easy riding horse in the world” ...until the saddle gets on the horse’s back. Things can get interesting then, so we always caution potential adopters that the things we are told are not always true.

With Thor, we had a nice surprise. The girl that adopted him walked him right into the trailer, brought him home, saddled him up and rode away into the sunset. She was even nice enough to send us some pictures of his first trail ride. In looking for a silver lining to the dark cloud that was the past year, it looks like LHRA ended 2020 on a good note. We are going to keep a positive attitude and have some determination that 2021 will continue this trend; we hope that all of you will share this resolve with us!

LHRA finds homes for horses

through word of mouth, the internet via our website, and we rely heavily on social media as well. When LHRA is unable to take in a horse, sometimes we can help the owner or animal shelter in question by posting pictures and information about the horse and asking for help from our 15,000+ members. LHRA is home to many older, injured horses that are considered “sanctuary” horses, but on occasion someone will adopt a sanctuary horse just to have a companion horse for one of their other horses. For those wanting to start their own equine rescue, we always caution them that they will need to always have a plan to feed and care for the sanctuary horses long after all of the young and shiny horses are adopted out. This is always on our mind and is a

large part of our budget every year.

Please consider supporting or getting involved in some way, if not with LHRA then with some other “legit” rescue, or foster a horse on your own. It is a great responsibility to breed animals of any kind and insure they have good care for the rest of their lives, so a special “thank you” goes out to all of you who do just that! You can find us at www.louisianahorserescue.com or on Facebook at www.facebook.com/lhra1, your support, of any kind, is always appreciated!

FACTORS THAT AFFECT STALLIONS' SEMEN QUALITY

There are a number of factors that can affect semen quality and/or fertility in stallions. One of the things that can create adverse effects is human management, according to Edward Squires, PhD Department of Veterinary Sciences, University of Kentucky.

Management Errors

Overuse can sometimes affect fertility. "A stallion that is started too young and used too often can get into bad habits of mounting without an erection, biting the mares, showing signs of frustration. This can happen if the horse is started early and used too hard, though his semen quality may still be adequate."

Also, the slides for checking semen need to be at proper temperature (not too hot or cold). Sometimes motility is reported as low just because the sperm were too cold when checked.

Season

We know that the stallion, like the mare, is a seasonal breeder. Sperm numbers, etc. change with the longer days in the spring, and everything gets better for optimum reproduction. "With shorter days there is a decrease in testosterone and sperm numbers go down, and behavior becomes more subdued. When horses are shuttled back and forth from one hemisphere to the other (with abrupt season difference), they are exposed to different photoperiods, but a study from Texas A&M showed that shuttling

a stallion from northern to southern hemisphere did not affect fertility."

Squires does not advise putting a stallion under lights. "This tends to make a stallion peak early; sperm output peaks a couple months earlier than it would have if you hadn't exposed that horse to light, and then the sperm output tends to drop quicker as well. Instead of the normal drop in the fall, you may see the drop in June or July when you are still wanting to breed. So I've never recommended putting stallions under lights," he says.

"Another thing we see is people keeping stallions under lights 24 hours a day for security reasons, etc. We think this can be detrimental also. We've seen examples of changed behavior and possibly sperm output as well; the horse is not exposed to the proper photoperiod," says Squires.

Hot Weather

High environmental temperature can also be detrimental to sperm production and viability. If it is really hot for several days, such as a severe heat wave during summer, this can have an adverse effect on fertility.

In some regions where heat and humidity are high, this environmental stress can induce a change in semen quality. Some stallions, when exposed to hot weather, start to develop a hydrocele, which is fluid accumulation in the cavity that separates the testes from the

scrotum. If there is a lot of fluid there, it tends to insulate the testes and they cannot thermoregulate properly and semen quality will deteriorate.

Genetics

"There are genetic components to fertility. We see certain lines of horses that have small testicles, poor quality semen, etc. We suspect a genetic basis for these characteristics. This could be a factor in semen quality. Testicular size is genetic, particularly in bulls, and in stallions as well. Some lines of horses have big testicles and others have smaller size. This may not affect semen quality as much as it would semen quantity," he says.

Age

A horse's age can be a big factor. Horses age at different rates, however. "Some horses at 20 are still going strong and settling their mares. Others show their age sooner and by age 15 their sperm numbers are going down and semen quality is going down. Typically the older horse will have smaller testicles—and probably softer testicles—and high volume ejaculates with low concentration of sperm. That combination equates to a lower quality of semen. This can happen at age 15 or as late as 25, but eventually every stallion will show changes due to age." It becomes harder to get as many mares bred and conception rates drop.

Hormones

Sometimes people inject stallions with testosterone. “If they think the stallion is slow working, some people think the obvious thing to do is inject him with testosterone. One or two injections are probably not going to hurt, but if you do this routinely there will be detrimental effects,” Squires says.

“If a stallion is injected for many days with fairly high levels of testosterone, this can cause not only a drop in semen quality but also a decrease in the size of the testicles. This can dramatically effect semen quality and sperm numbers.” Hormone injections can be counterproductive, if overdone.

“Giving stallions Regumate is sometimes done in the horse industry, to take the edge off their exuberant or aggressive behavior and make them more manageable when showing or performing. This hormone can have adverse effects on semen quality and sperm output, testicle size, etc. If given for a long period of time, particularly in young stallions, it can be very detrimental. Dexamethasone or other corticosteroids can also be detrimental if given for long periods of time,” Squires says.

Trauma/Injury

Damage to the scrotum or penis can affect semen quality. Scrotal injury can interfere with normal thermoregulation. If a stallion gets kicked, the resulting hematoma will cause swelling and this insulates the testicles. If trauma to the spermatic cord or cremaster muscle makes it impossible for the stallion to raise or lower the testicles (for thermoregulation) this will also have an adverse effect.

The stallion must be able to keep

the testicles at a fairly constant temperature, and the best temperature for viability of sperm is a few degrees lower than body temperature. In cool weather the testicles are pulled up closer to the body for warmth and in hot weather the testicles drop farther away from the body, to keep proper temperature for sperm production and viability.

Fever

If a horse has been sick, or experiences any situation where body temperature is higher than normal for very long, this can affect sperm production and viability. If the fever occurred just before or during breeding season, he may be infertile until new sperm comes through its production cycle. His semen should be checked again later to assess fertility. It takes about 60 days for sperm development. The stallion should be checked about 60 days after he has recovered from the fever incident and is back to normal, to see if he is producing normal sperm again.

Fertility can be temporarily reduced because of altered testicular function associated with fever, heat or extreme cold. If body temperature is abnormally high, or there is too much insulation around the scrotum from swelling or some other factor, this can affect semen quality.

Influenza and other diseases that cause a fever can induce this problem, and in some instances vaccination (which often results in mild fever for a day or two) can be a problem. Vaccinations are usually given a month or two before breeding season starts. The vaccinated horse can develop an elevated body temperature, which can result in a reduction in testicular function and

fertility. Even though it is temporary, short-lived fevers such as this will often result in reduced semen quality.

Nutrition

“This is generally not a big factor in semen quality. It would take a severe nutritional change to affect sperm output and sperm quality. In contrast, there are some nutritional supplements that can enhance semen quality. We’ve done quite a bit of work on Omega-3 fatty acids feeding a horse high levels of Omega-3 fatty acids is one way of enhancing semen quality,” says Squires.

“I don’t know of any other nutritional factors. A nutritional deficiency would have to be very dramatic to affect semen quality adversely,” he says.

Every stallion is a little different. It’s important to work with a veterinarian who specializes in equine reproduction, on a case-by-case basis, to figure out what might help a certain stallion the most—to work through his individual problems. Not all stallions are blessed with high fertility/high sperm counts, so it may take some extra effort to maximize their ability to settle mares.

Aurelius Maximus to Stand at Red River Farms

Aurelius Maximus has been retired from racing and will enter stud in 2021 at Jay Adcock's Red River Farm in Coushatta, La., it was announced Friday, January 22. The deal was brokered by Andrew Cary of Cary Bloodstock.

The 5-year-old son of Pioneerof the Nile will stand in a partnership that includes Stonestreet Stables, George Bolton, and Peter Leidel, who raced the colt, with Nathan Granger.

"Aurelius Maximus is the most exciting horse to retire to Louisiana for many years," said Cary. "His combination of impeccable pedigree, gorgeous conformation, and top-class ability on the racetrack make him a very tantalizing prospect for breeders in the Southwest."

CORRECTION: The above photo of Our Lost Love was mistakenly credited to Marshall Blevins. The credit should have been to Ann Switalski/ Hodges Photography.

Aurelius Maximus

"We're very excited to get a horse of such talent and grit—not to mention his great looks. We're just as excited to partner with one of the premier ownership groups in the industry in Stonestreet Stables, Mr. Bolton, and Mr. Leidel," said Granger.

Aurelius Maximus showed top ability from the outset, breaking his maiden at Belmont Park by 7 3/4 lengths in his second career start. He was then fourth in the Champagne Stakes (G1) behind grade 1 winners Complexity and Code of Honor. Sidelined afterwards, he returned with two dominant allowance victories at Fair Grounds Race Course & Slots and Churchill Downs, including a win over future grade 1 winner

Bodexpress. He was then beaten a neck by Mr Freeze in the Hagyard Fayette Stakes (G2) at Keeneland after a difficult trip.

Aurelius Maximus is one of seven winners produced by the grade 3 winner La Reina, who also produced grade 2 winner Chief Havoc (Giant's Causeway) and grade 3-placed Special Event (Arch). La Reina is a half sister to grade 1 winner and sire Brahms (Danzig) and to stakes winner Olympic (Danzig). This is the high-class female family of grade 1 winners Queena, Too Chic, Chic Shirine, Somali Lemonade, and Verrazano.

Aurelius Maximus will stand for \$2,000 live foal, with consideration to approved mares.

OBITUARIES**KENNY BOURQUE DIES AT 67**

Longtime jockey Kenny "Chopper" Bourque, died Dec. 29 in Taylorsville, Ky., at age 67 from liver cancer.

The oldest of six siblings, Bourque was born in Abbeville, La., not far from Lafayette, where many Cajun-born riders learned to ride at unsanctioned racetracks called "bush tracks." He and his youngest brother, Curt, became successful riders.

He gained the nickname "Chopper" as a youth, and the name stuck for his life on the racetrack. He was the leading rider at defunct Jefferson Downs in Kenner, La., in the late 1970s and at Fair Grounds Race Course & Slots during its 1986-87 meet. Bourque retired in 1999 having won 2,467 races from 19,873 rides with earnings of more than \$20.4 million.

In addition to his home state of Louisiana, he rode in Kentucky, winning the Iroquois Stakes (G3) at Churchill Downs in 1996 for late trainer Jim Keefer, and Bourque settled in the state when his riding career ended. He worked in the automobile and truck industry before resuming galloping and becoming an assistant trainer. In recent years, he was assistant clerk of scales at Churchill Downs and Keeneland.

Kenny Bourque is survived by a large extended family that includes his mother, Louella, and his wife of 46 years, Mary. His siblings include Curt, Donald Bourque, Lynda Coco, Teresa Bourque, and Becky Pullin. He leaves behind six children—Tiffany, Kenny Bourque Jr., Jamie Frensley, Dustin Bourque, Michael Bourque, and Samatha Soutar—plus nine grandchildren.

On January 8, 2021, Fair Grounds Race Course & Slots announced a 10% purse increase across the board. This is the second time purses have been raised in the young 2020-21 meet. Ken LeJeune Dies at 60

Longtime horseman Ken LeJeune, 60, died at home Dec. 4 after a brief illness, according to his wife, Carey. Throughout LeJeune's 40-plus-year career as a jockey, trainer, and bloodstock agent, his family said he never lost his enthusiasm as a fan of horse racing.

Over the years, he had the good fortune of finding or developing many top runners, including Peace Rules, Divine Park, Genuine Devotion, Anne's Beauty, Bay to Bay, Clearly Now, Flipcup, and, more recently, grade 1 winners Mo Forza and Gufo and grade 3 winner Totally Boss, according to Carey LeJeune.

"He was a true Cajun, and he never left his roots," she said. "He enjoyed fishing in the Gulf, a few cold beers at the end of the day, and a stop at the farm to check on the horses. He found total happiness in sitting on his pony and watching his charges march like soldiers to the track. Although he was ill, even he did not know in the end that it would come so soon. He lived life by the drop and consumed every last bit."

LeJeune is survived by his children, John and Piper.

SALES NEWS

Texas 2YO in Training Sale Set for April 7, 2021

The Texas Thoroughbred Association and Lone Star Park at Grand Prairie have announced that the 2021 Texas 2-Year-Olds in Training Sale will be held on Wednesday, April 7, at the Dallas-area track. The breeze show will be held Monday, April 5.

The sale will be held about two weeks before Lone Star Park kicks off its expanded Thoroughbred

meet with 48 days of racing starting on April 22. The track has announced an enhanced stakes schedule worth more than \$2.2 million and the revival of Lone Star Million Day. As usual, the Texas Thoroughbred Sales Futurity, for TTA Sales graduates and those made eligible through a consignor berth, will be held at Lone Star with two divisions at \$100,000-estimated apiece.

“With daily purses at Lone Star expected to be around \$250,000 and maiden races at \$36,000, this sale will offer buyers the chance to get an almost immediate return on their investment,” said Tim Boyce, sales director. “In addition to the Sales Futurity in July, Lone Star will be running two divisions of the Clarence Scharbauer Jr. Texas Stallion Stakes for 2-year-olds in June, so that’s another opportunity for Texas-sired horses.”

Weanling Son of Bradester Tops Texas Mixed Sale

The first standalone Texas Winter Mixed Sale in nearly a decade was held Dec. 6 at Lone Star Park in Grand Prairie, topped by a weanling son of Bradester.

TTA reported 50 horses sold for gross receipts of \$223,000, an average price of \$4,460 and a \$2,600 median. There were 67 horses that went through the ring not sold.

Top price of \$16,000 was paid by Highlander Training Center for the Bradester colt (Hip 78) from the Benchmark Training Center consignment. Bred in Texas by Haynes Stables, the colt is out of the winning Street Boss mare Blasted Boss. The colt's third dam, grade 1-placed Shooting Party, produced millionaire Breaking Lucky (by

Lookin At Lucky) a grade 3 winner in Canada who finished second in the 2016 Clark Handicap (G1).

Shooting Party is the granddam of Country House (Lookin At Lucky), who finished second in the 2019 Kentucky Derby Presented by Woodford Reserve (G1), and was elevated to first upon disqualification of Maximum Security and of Mitchell Road (English Channel), a grade 3 winner who has won or finished second in 14 of 18 career starts to date.

The most expensive mare to pass through the ring was Hip 23A, an unraced daughter of Cherokee Run named Running Dispute. Consigned by Brant Schafer, the 16-year-old mare was purchased by Ronald J. Podraza Sr. for \$15,000.

Bred in Kentucky by Stonerside Stable, Running Dispute is out of the Danzig mare Dispute, a four-time grade 1 winner who earned classic honors in 1993 when she won the Kentucky Oaks (G1). The dam of seven foals, Running Dispute has produced multiple stakes winner Can't Be Wrong (Broken Vow) and stakes-placed Indisputable (Valid Expectations). She was offered in foal to Midnight Lute.

The auction was a joint venture between the Texas Thoroughbred Association and Lone Star Park at Grand Prairie and the first TTA winter mixed sale since 2011.

Horseracing Integrity And Safety Act Signed Into Law

The legislation passed by the Senate on Dec. 21 that will put anti-doping/medication control and safety programs under the umbrella of one independent, non-governmental Authority, the Horseracing Integrity and Safety Act was part of a 5,500-plus page, \$2.3 trillion

bipartisan government funding bill that included \$900 billion in coronavirus relief extending unemployment benefits and providing up to \$600 in cash payments to individuals. President Donald Trump, whose Treasury Department officials helped negotiate the package, had threatened to veto the bill, in part demanding that the \$600 individual benefits be increased to \$2,000.

On Sunday night, Trump signed the bill into law.

A previously formed nominating committee can now move forward in naming the nine members who will comprise the Horseracing Integrity and Safety Authority (five independent members from outside of the horse industry, four from within the industry but without current investments or conflicts of interest). The Authority has been charged with contracting with the United States Anti-Doping Agency to oversee the anti-doping/medication control program on a national basis.

Two working committees also will be named.

Passage of the legislation, originally supported by the grassroots Water Hay Oats Alliance and sponsored in the House of Representatives by Democrat Paul Tonko of New York and Republican Andy Barr of Kentucky, was years in the making. It got fast-tracked earlier this year when Republican Senate Majority Leader Mitch McConnell threw his support behind it after Churchill Downs came on board and joined with other major racing organizations. It passed the House in September and was part of the omnibus bill passed overwhelmingly by the Senate Dec. 21.

The omnibus legislation that is now law includes other measures beneficial to the horse industry, including continuation of H-2B visa programs for foreign workers and extension of three-year tax depreciation for purchase of racehorses and COVID relief for small businesses in the horse business.

RCI Strengthens Rule Restrictions on Crop Use

Jockeys will be prohibited from using the riding crop more than two consecutive times before being required to wait three full strides in order to give the horse a chance to respond under an expanded Model crop Rule adopted by the Association of Racing Commissioners International (ARCI).

The modified rule tightens restrictions already in place but clearly says that any use of the crop to "urge" the horse must be limited. The new RCI Model Rule continues to rely upon the judgement of the Stewards as to when to impose sanctions, but is clear that using the crop more than two consecutive times or not waiting three full strides before reuse is to be regarded as a rule violation.

The RCI did not include an overall strike count in the actual rule but did approve corresponding guidelines to advise officials that use of the crop more than six strikes during the race is something to be assessed. The RCI Board did not want to remove the authority of the Stewards to exercise judgement based on the specific instances of the race but did want to provide guidance as to when to start questioning the possibility of overuse.

RCI President Ed Martin noted that testimony from the Jockey

Club as to public perception was taken to heart and the regulators found it compelling to help address that by defining clearly what the chance to respond should be.

“The image of someone wailing away on a horse coming down the stretch is not a good one for a sport struggling to assert a positive image. But controlled and limited use with three full strides to respond was something the regulators believed would help mitigate that,” he said.

There was universal agreement that any abuse of the horse in any way must be severely addressed.

The RCI committees intend to develop progressive penalty guidelines in this area in the coming months to ensure that multiple violations are deterred across the system.

“We appreciate the input we have received on this issue from countless individuals and organizations like Breeders Cup, the Thoroughbred Safety Alliance, the Jockey Club, the AQHA, the Jockeys Guild and our regulatory veterinarians,” said RCI Chair Tom Sage.

“We believe we have found a balance that protects the horse, mit-

igates perception problems, and maintains the essence of a sport where every horse runs its best in every race,” he said.

sultation with the Department of Labor (DOL), to increase the H-2B cap for fiscal year 2021 by up to approximately 69,000 visas if it determines that the needs of seasonal businesses cannot be met with U.S. workers;

Continuation of the use of private wage surveys for prevailing wage determinations;

A prohibition against DOL enforcing the corresponding employment and three-quarters guarantee provisions of its H-2B regulations relating to total work hours; and

Provisions extending the maximum employment season for up to 10 months, as opposed the nine-months in current DOL regulations.

The H-2B visa guest worker program is a nonimmigrant visa program used by many industries that need temporary non-agricultural help when domestic workers are unavailable. For the horse racing industry, racehorse trainers rely heavily on the H-2B program to fill various backside positions. Demand for H-2B visas often exceeds their availability and the cap level is quickly reached, leaving employers without sufficient help.

The NTRA, through its involvement with the H-2B Workforce Coalition, supports efforts for comprehensive reform of the guest worker visa program.

2020 OPEN YEARLING AND MIXED SALE FOR THOROUGHBREDS AND QUARTER HORSES RESULTS

SATURDAY, NOVEMBER 21 • OPELOUSAS, LOUISIANA

The Equine Sales Company of Louisiana conducted its Open Yearling and Mixed Sale of Thoroughbreds and Quarter Horses in Opelousas, La., on Nov. 21.

Topping the Thoroughbred portion of the sale was a yearling colt by Brody's Cause purchased by Robbie Norman for \$14,000 from the consignment of Muscadine Farm, agent for Louisiana breeder Morning Line Thoroughbreds. The colt was produced from the Lydgate mare Main Stage, a four-time winner who earned \$63,344 and is a

half sister to multiple stakes winner Watch My Smoke (Leestown) and stakes-placed Addy Annie (Posse).

From 64 Thoroughbreds offered, 49 were reported sold for gross receipts of \$105,000, an average price of \$2,143 and a \$1,000 median. The RNA rate was 23.4%. Broodmares made up the greatest segment of Thoroughbreds offered, with 15 changing hands out of 25 offered. Eleven yearlings sold out of 14 offered averaged \$3,700.

K. P. Sales was the leading consignor with nine sold out of 10

offered for a gross of \$29,600. The consignor sold three of the top five highest-priced horses, led by a \$9,500 Medaglia d'Oro mare named Gingertini that K. P. Sales sold on behalf of Coteau Grove Farms. Gill Frederick bought Gingertini, who was in foal to Custom for Carlos.

At last year's sale held in October, 96 horses averaged \$1,984 from an aggregate \$190,500, with a \$1,200 median and a 30.4% RNA rate.

Warren Harang called the meeting to order and asked Roger Heitzmann to call the roll. A quorum was present and the meeting was ready to proceed with business.

Jake Delhomme led us in prayer.

Carrol Castille arrived at the meeting.

Roger Heitzmann read his conflict policy stating that his entire family is in the business and that they have business with many members of the association.

Warren asked for the approval of the minutes. Charlotte Clavier stated that there was nothing mentioned about Gerald Averett speaking at the August Meeting. Roger informed Charlotte that Mr. Averett spoke on a subject matter that wasn't being addressed at the time but would make sure that Mr. Averett would be mentioned.

Michelle LaVoice added that there were some changes in regards to dates. Michelle pointed them out and Roger agreed that they were incorrect and would change them. Danny Guidry made a motion to approve the minutes as amended. Michelle LaVoice seconded the motion, which was voted on and passed unanimously.

Committee Reports:

By-Law: Val Murrell – Chairman

Val introduced By-Law amendments that members of the committee met and approved to be presented to the board. Discussion took place before wording, and adjustments were made that presents the rules in a better format. Jay Adcock questioned several of the awards and the award schedule. Tom Early made a motion to accept the By-Law amendments with the word replacements that were discussed. Danny Guidry seconded the motion, which was voted on and passed. Jay Adcock and Charlotte Clavier voted against the change based on that Jay felt that there were too many gray areas and Charlotte was not in favor of the rule to begin with.

Finance & Audit: Tom Early – Chairman

Tom Early had no report for this meeting as the third quarter ended the day before the meeting.

Government Affairs: Jake Delhomme – Chairman

Jake reported that he spoke with our lobbyist Harry Benoit and Harry reported that at this time there is nothing on the docket that concerns us at this time. Gaming will be on the ballot. That is a major concern moving forward.

Grievance Committee: Michelle LaVoice – Chairperson

Michelle had no report for this meeting.

LTBA/HBPA Liaison Committee: Val Murrell – Chairman

Val reported that he was concerned with the Fair Grounds dropping some race days. Keith Hernandez reminded the board that the law remains the same and that it's only because of date realignments caused by the hurricanes which created some overlapping days. He also informed them on the Fair Grounds asking to not allow Lasix in certain races. Discussion took place on those issues as well as the Sale of Louisiana Downs.

LTBA/LSRC Liaison Committee: Jake Delhomme – Chairperson

Jake Delhomme reported on the race dates that were awarded for the Fair Grounds and Delta Downs. He also informed the board on the tracks and race dates in Texas.

Inspection Committee: Brett Brinkman – Chairperson

Brett was getting out of the hospital due to contracting Covid. Inspector Mike Whitler said he had no issues.

Membership and Nominating: Charlotte Clavier – Chairperson

Charlotte informed the board that she was resigning from the position. She nominated Keith Hernandez. Roger informed the board that we will need an additional member to sit on that committee as Neal McFadden was up for election this coming year which makes him ineligible to sit on the committee. Discussion

took place and a decision would be made hopefully before the next meeting.

Pac Committee: Keith Hernandez – Chairman

Keith had no report for this meeting

Salary and Benefits: Tom Early – Chairman

Tom had no report for this meeting.

New Business:

Old Business:
